I am co-owner of Christian-Sells Inc, where we operate a full-service funeral home, transport service, grave service, monuments, personalization onsite, through large printing and lasering, and an event center, all of which we started from the ground up.

I have a license in TN for funeral director, embalmer, insurance, and preneed agent. I served as chief coroner, president of our EMS and Unit Director of the Rescue Squad for several years.

I am a past president of the Tennessee Funeral Directors Association, served the NFDA as Policy Board Member, Budget Task Force and Budget Audit Committee. I have 37 years' experience in funeral service.

After graduating high school, I attended Jefferson State College and obtained a degree in Mortuary Science.
